0904, email: n7ur@arri.org.
Nevada Amateur Radio Newswire at www.nevadhamradio.com.

► NOTES ◀

- This list shows open, operational repeaters. However, the fact that a repeater is shown on this list does not necessarily mean that the repeater is indeed open, and the fact that a channel is shown as vacant does not mean that it is not assigned by the coordinators.
- Changes should be called in to 702-643-1670 or email kb7utv1@embargmail.com. This list is updated on a continuing basis - your assistance in corrections and additions is appreciated.
- The basic concept of this list is "Las Vegas and three hours each direction" - the fact that a repeater is shown on this list does not mean that the coverage extends into the Las Vegas Valley.
- Planning on putting up a repeater? Southern Nevada Repeater Council coordination is available at <http://www.snrc.us>.
